

IT IS not the cost per pound that determines the economy of White Lead—it's the covering power of the paint. Pure White Lead made by the "old Duth process" of slow corrosion is more dense and covers better than any White Lead made by quick process, or than any mixture of Zinc, Barytes, etc., falsely branded White Lead. It costs less to paint with the

"Eckstein" or "Davis-Chambers"

Brand of Pure White Lead,

because two coats will cover as well as three coats of the mixtures of Zinc, Barytes, etc. You can get any color you want by using the National Lead Company's Pure White Lead Tinting Colors.

Our pamphlet, "Uncle Sam's Experience with Paints," free.

NATIONAL LEAD CO., 15th and State Sts., Chicago, Ill.

The Independent

FRIDAY, AUGUST 31, 1900.

People who insist on sleeping on railroad tracks should notify the undertaker in advance.

That was a very ladylike decision of Mr. Bryan to refuse to attend the G. A. R. encampment because Mr. McKinley couldn't be there.

Senator Wellington predicts that Maryland will be against McKinley by not less than 15,000. Four years ago Maryland was carried by McKinley by over 30,000 majority.

The Populist party has nominated Adlai Stevenson for vice president in place of Charles A. Towne, resigned. This makes perfect fusion of the parties opposed to McKinley. The final vote of the populist committee was unanimous in Mr. Stevenson's favor.

Carl Schurz has agreed to deliver a German speech on imperialism at Tomlinson hall, Indianapolis, about the middle of September. The meeting will be held under the auspices of a German organization of which ex-Postmaster Albert Sahm is the leading spirit.

Coal consumers will watch the result of the conference between coal miners and operators at Hazleton, Pa., with a good deal of interest. The reported hoarding up of coal, with the probable intention of getting several times its present price, in case of a strike, is not a pleasant prospect.

Prosperity seems to be an unrealized dream to the 150,000 coal miners of the anthracite region. During the last three years while the bituminous miners have received an advance of 40 per cent in wages, the wages of those in the anthracite field have either stood still or gone backward. The explanation, union miners say, is that the anthracite have not been thoroughly organized and could not force their demand for higher wages. When republican campaign orators go among these

The Leading Specialists of America
20 YEARS IN OHIO.
250,000 Cured.

WE CURE STRICTURE

Thousands of young and middle-aged men are troubled with this disease—many unconsciously. It causes a smarting sensation, small, twisting stream, sharp cutting pains at times, slight discharge, difficulty in urinating, weak organs, emaciation, and all the symptoms of nervous debility—they have STRICTURE. Don't let doctors experiment on you, by cutting, stretching, or tearing you. This will not cure you, and will return. Our NEW METHOD TREATMENT absorbs the stricture tissue; never removes the stricture permanently. It can never return. No pain, no suffering, no detention from business by our method. The stricture is completely cured. The nerves are invigorated, and the bliss of unobstructed urination.

WE CURE GLEET

Thousands of young and middle-aged men are having their sexual vigor and vitality continually sapped by this disease. They are frequently unconscious of the cause of these symptoms. Gleet, Gonorrhea, Syphilis, Stricture, Parts, etc. GLEET and STRICTURE may be the cause of all your family doctors, as they have no experience in these special diseases—don't allow doctors to experiment on you. Consult Specialists, who have made a life study of Diseases of Men and Women. Our NEW METHOD TREATMENT will positively cure you. One thousand dollars for a case we accept for treatment and cure. Terms moderate for a cure.

CURES GUARANTEED

We treat and cure: EMISSIONS, VARIATION, GLEET, STRICTURE, IMPOTENCY, SECRET DRAINAGE, UNNATURAL DISCHARGES, KIDNEY AND BLADDER DISEASES, CONSULTATION FREE. BOOKS FREE. IF unable to call, write for QUESTION BLANK FOR HOME TREATMENT.

DRS. KENNEDY & KERGAN
523 WALNUT STREET,
CINCINNATI, OHIO.

men, will they tell them of the unprecedented prosperity of the McKinley reign, in which they have not shared, and that talk of danger from trusts is all bosh?—Indianapolis Sun.

Two southern papers, the New Orleans Picayune and the Atlanta Journal, commented on the recent Akron riot and reached the same conclusion. They held that human nature is just about the same everywhere, and that the causes which make race riots and race prejudice possible in one section of the country will make them possible in another.

A portrait of the late Walter Q. Gresham, secretary of state under President Cleveland and an honored and distinguished citizen of Indiana, is to be given a place of honor in the galleries of the emperor of Japan. This is to be done as a tribute to Mr. Gresham's services in negotiating the treaty between the United States and Japan, which was adopted during Cleveland's second term.

Besides directing a vigorous campaign in New York state for Bryan and Stevenson, Senator Hill has informed the democratic national committee that he will speak in some of the western states during the campaign. He is not ready to name the dates, or indicate his choice as to locations. There has been a great demand for him from the south, but he has as yet come to no decision as to his appearance in that section of the country.

Gen. Joseph Wheeler, an ex-confederate, but who fought bravely under the stars and stripes in Cuba and in the Philippines during the latest war and who was elevated to a brigadiership in the regular army, will reach the age limit of 64 years on Sept. 10, of this year, and will then go on the retired list. He will be succeeded as commander of the department of the lakes by Gen. Elwell S. Otis, of Philippine fame.

Richard Croker will dictate the democratic gubernatorial candidate for New York. It is far better for the democratic national ticket that Croker has control. This means that the party machinery is in control. Hill and his followers are able men, but they work as individuals rather than as an organization. The Tammany club is a powerful force in politics and when in ascendancy is capable of making the empire state a democratic state: Hill and his followers will be in line for the entire ticket, state ticket as well as national even though they do not control the state convention.

A strike involving 140,000 men is threatened in the coal fields of Pennsylvania and elsewhere. The demand the mine workers' organization makes is that the wages of all persons receiving less than \$1.50 per day be increased twenty per cent; that all classes of day laborers now receiving \$1.75 shall receive fifteen per cent over present wages; that all day labor now receiving more than \$1.75 shall be advanced ten per cent; that no miner shall have at any time more than one breast, gang or other class of work, and shall only get his legal share of cars. Furthermore they demand that powder be furnished for \$1.50 a keg and that 2,240 pounds constitute a ton instead of 2,350 pounds. The situation is rather threatening as the men assert that a strike will be declared unless their demands are granted within ten days.

LOCAL BREVITIES.

From Tuesday's Daily.
Carl Kioepfer is reported quite sick.
E. B. Sherburn returned to Warsaw this morning after visiting friends here.

Wanted.—Wood and oats. D. W. Albert. 1w

Ducks, young	8c
Lard	7c to 7 1/2c
Potatoes	25c to 30c
Flour per cwt.	2.25
Corn meal	1.20

BROKEN BRICK-A-BRACS.

Mr. Major, the famous cement man, of New York, explains some very interesting facts about Major's Cement.

The multitudes who use this standard article know that it is many hundred per cent better than other cements for which similar claims are made, but a great many do not know why. The simple reason is that Mr. Major uses the best materials ever discovered and other manufacturers do not use them, because they are too expensive and do not allow large profits. Mr. Major tells us that one of the elements of his cement costs \$2.75 a pound, and another costs \$2.00 a pound, while a large share of the so-called cements and liquid glue upon the market are nothing more than sixteen-cent glue, dissolved in water or citric acid, and in some cases, filtered slightly in color and odor by the addition of cheap and useless material.

Major's cement retails at fifteen cents and twenty-five cents a barrel, and when a dealer tries to sell a substitute you can depend upon it that his only object is to make larger profit.

The profit on Major's cement is as much as any dealer ought to make on any cement. And this is doubly true in view of the fact that each dealer gets his share of the benefits of Mr. Major's advertising, which amounts to over \$500,000 a month, throughout the country. Established in 1876.

Insist on having Major's. Don't accept any off-hand advice from a druggist.

If you are at all handy you will be likely to find that you are a good deal more so than you imagine you can repair your rubber boots and family shoes, and any other rubber and leather articles, with Major's Rubber Cement and Major's Leather Cement.

And you will be surprised at how many dollars a year you will thus save.

If your druggist can't supply you, it will be forwarded by mail, either bulk. Free of postage. 6-24-01
